

Have you heard about our Bread Share Program?

Buy a bread share card for \$20.00, and you'll receive four "bread shares".

You can also choose the single share, for \$5.00, or the eight share, for \$40.00.

Each share is redeemable for a loaf of bread or two pastries. Present your share card on your following visits and we'll mark off your redeemed shares.

Each share works out to a cost of \$5.00, and since most loaves cost \$5.00 to \$6.50, you save money on every loaf! It's a convenient, cost-effective and supportive way to get your bread basics covered for that special meal.

Buy share cards for yourself, or share them with others! They are a great gift idea for students or newlyweds, a unique way to say thank you, or can be purchased to give to folks you know who might have a challenge covering food costs.
